Press Release

EXPERT CRANE ANNOUNCES ACQUISITION OF A NEW TRUCK AND TRAILER TO TRANSPORT OVERHEAD CRANES

June 29, 2020 – Cleveland, Ohio – Expert Crane, an overhead crane manufacturing company located in Cleveland, Ohio with service locations across the United States, announces the acquisition of a new truck and trailer to transport their overhead cranes to their customers.

Expert Crane purchased their own company truck and trailer so that they could be more responsive to their customers and fulfill the needs of their local installations without relying on outside transportation. They purchased a Ford F-450 truck and a 45 ft. trailer with a capacity of 27,000 lbs. to haul their large overhead cranes.

Expert Crane will utilize the truck and trailer to pick up and deliver overhead crane parts and components for breakdowns, modernizations, and new overhead crane installations. Recently, Expert Crane was able to use the new truck and trailer to transport (8) 10-ton overhead cranes to one of their local customers in Heath, Ohio. Using their new equipment, they were able to accommodate their customers' install timeframe.

"Our new truck and trailer acquisition helps us to meet the timeframes and needs of our customers for their overhead crane breakdowns, modernizations, and installations," stated Jim Doty, Owner & Founder of Expert Crane. "Our cranes are transported by our CDL driver, Adam Bernet and our logistics is run by Richard Doty who helps to work with our crane service and build teams to support our customer base."

Founded in 1977, Expert Crane is a leading manufacturer of overhead cranes and crane components. In addition to their complete line of DX, MX, and TX cranes, BX below the hook lifting devices, runways, and controls, Expert Crane offers 24-hour emergency crane service across the United States.

To request a custom overhead crane or crane service quote, please call 1-800-860-6680 or visit expertcrane.com.
